**DETAILED ACTION**

***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim 1, drawn to protein, classified in class 930, subclass 10+.
- II. Claims 2-12, drawn to method, classified in class 127, subclass 30+.
- III. Claims 13-15, drawn to a composition, classified in class 127, subclass 34+.
- IV. Claims 25, drawn to composition, classified in class 127, subclass 34+.
- V. Claims 26, drawn to a composition, classified in class 127, subclass 34+.
- VI. Claims 27-48, drawn to method, classified in class 127, subclass 34+.
- VII. Claims 16-24, drawn to composition, classified in class 127, subclass 34+.

The inventions are distinct, each from the other because of the following reasons:

Art Unit: 1713

2. Inventions (I-VII) are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01).

In the instant case the different inventions have different modes of operation and different effects.

3. Because these inventions are distinct for the reasons given above and the search required for each Group is not required for the search in any other Group, restriction for examination purposes as indicated is proper.

4. A telephone call was made to H. Thomas Anderton on 09/30/05 to request an oral election to the above restriction requirement, but did not result in an election being made.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in

Art Unit: 1713

compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert D. Harlan whose telephone number is (571) 272-1102. The examiner can normally be reached on Mon-Fri, 10 AM - 8 PM.

8. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David W. Wu can be reached on (571) 273-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
